

We Satanists Declare it; We have had Enough.

My Comrades, Satanic Forces!

We have been giving the enemy a beating. We have been receiving their weak replies, again and again. Those of you who are veterans, you remember, back in the years, you remember the magnitude of the opposition of the enemy, their attacks and threats. But the Willpower of our Forces will prevail, as it has already. What was their offer? Their reply? Some cold? Some random feeling of weakness? Some strange thought? Some argument? Tiredness?

Is this all that made it to you? Is this all that touched? Has this blinded you even for one second? You went through the abyss and came with one scratch in your face- who is protecting you but Satan's Divine Providence? And what is there to Fear? Has this made you forget that we are all together? You are here now. You are with me, with your Comrades, with our Gods. We are all marching together. This is our Comradeship. We are more than Comrades, we are Brotherhood. We are all fighting Together, as One Legion. We are protecting our own, for one reason, that we are a Family. Our Comrades are in our Arms. The further we go, the closer we are. In the storm, in the drought, in the eye of the cyclone, in even death and beyond. And in the most beautiful moments. We are in this together. Your Guardians, Our Father, They are holding us upright. The enemy is at a loss to understand. Truth has is knocking their lies away so fast.

Azazel, one of our most respected Gods, told me once: "If this is YOUR war, then this is OUR War." You can understand what He meant by this quote. This is not a war solely of our own. This is a War between so many beings and Souls. So many who have suffered, attacked and perished under the jewish insanity, and under the banner of the enemy, that of global domination. Their banner is filled and pletted in the blood, spiritual and physical, of countless of innocent people, souls and beings. The jews have not only made other human beings their enemies, but way more than that. Way, way more. The amount of damage and destruction these species of life have put beings under is unimaginable. Not because they were powerful, but only because they were underestimated and allied themselves with unholy and evil powers, as they themselves incarnate.

We can all here see the glaringly evident. We have been scoring major Victories. We are giving a fight that this world has not seen in decades, or even more time. We are not the ones to claim things to be otherwise, good, fairy and great. We know things are hard, but we are harder. We know nature, fate and Satanic Providence has given us a big purpose, but we stand firm. A greater future. We know that this world is being willfully, by the enemy, being dragged down to shreds. But Satan has given us the wings nessesary to drag this world from its darkness. Satan doesn't give us vain hopes. He hands us the Truth. The Truth, however huge it might be for our backs, fills us at the same time with Huge Power. Everlasting Power. The Power to alter and change everything.

This Power just waits for itself to be tapped into. It just waits for us to muster it, and purge

the plan of the enemy, and save the victims of all their creations.

People in the Middle East are getting wiped out for Jewish interest, led by the Jewish owned and created ISIS. Gentile children are caught inside the fires and heat of all these Jewish afflictions, children of all Gentile Races. The real innocents who are suffering from all this are first and foremost them. The people immigrating are being used as a living bomb, for the Jewish goals, and are being sent to the last countries the Jews could not fully work their tricks upon. The White Countries. They are being sent there, so they will kill themselves, while they will kill one more enemy for the Jew, the White Race. At the same time, millions are living like slaves in China, the African Workers are on the most resourceful and rich of all continents and die of outdated diseases and hunger. These Gentile Brothers have been attacked very hard. Despite of everything, they will never stop. History has shown, that the Jew will never, ever stop. He will only stop at one time: When all Gentiles will either have dropped dead, or enslaved.

Others, they have perished forever, and only few of their Ancestors remain. The Jewish Leviathan has spread its tentacles everywhere, no place has been left without its influence, culturally, ethically, spiritually, physically. Children are dying from hunger, because the Jews wanted to appoint the system as it is today. A system of deceit, where people are used as meat for the Jewish meat grinder. A system where people are soulless slaves. A system where most people are already enslaved, in a world of zero Truth and possibility. Under all their interests, the whole world suffers. We are all faced with one, and only one common enemy: The Jew.

People are suffering, because for at least 10 centuries, this creed of criminals has had supreme power to lord over the fate of the people. And look where we are. But the most terrifying for every sane soul: Where are we going? Where is the Solution?

The Solution Comrade, it lies in your own Soul. It patiently sleeps within you, and you might feel it now. You might feel it surging from within you. And if you do not, it still does. In your hands Comrade, in our hands, there rests the Powers of Fate.

I have bad news for the Jew and their loyal enslaved followers. We are on Spiritual War. They have brought it to where the Spiritual Elites of the Planet are made their enemies. The people will not stay like this. The Age of Satan is where the masses of the people are not ignorant, but enlightened. The millions of chains will be broken. All Gentiles, we demand a New World. Based on Satanic Order and Freedom. A World as nature intended, not as the Jew intended.

I see nothing. The only thing I see is the overwhelming joy of ridding this world of its greatest problem. The joy of all the victories we are scoring together at the expense of the enemy murderers. They not only have murdered millions, but they have tried to murder Truth. The greatest lie to have plagued this world is being purged. I see only my Comrades on my Side. This is all I see. I see Spiritual Power that the world has seen very few times. I see the fulfillment of the Ancient Pagan prophecies, where the darkness and lies shall be defeated, and the name of the Gods will be cleared of the hubris. I see people from all Nations, Races, States and places on the planet. We stand united after one vision, that of freedom and Comradeship. At this historical point, we all here know the Truth. We all know what we have

lacked the knowledge to know. We know two most important things. Who is the enemy, and how they can be defeated.

I see people who have Racially and Spiritually awoken. The Leaders of their Races, their Seers, who like their Ancestors, they are on the same path. Those who still know that those before them, they hold a sacred covenant with them, no matter who these people were. Those who know that within them rests a legacy, and that inside them live hundreds of others, not only themselves. Those that do not define themselves and choose over the pressure of lies and fear. The people upon which the jewish spells, hoaxes and lies have failed. The True pinnacle of Humanity in the whole world. And I dare say, I stand amongst those, who will be soon breathing the Aether of the Gods and not common air as the Mortals. People who are avenging their fallen comrades, their fallen ancestors, their spiritually fallen self.

I see the future, but all they see is the past. And we are giving them spiritual destruction, spiritual pain and spiritual anguish, but in one word, we are giving them Spiritual Justice from the Satanic Heavens. But this is only what has began of it. Satanic Nemesis will rain from the skies, infused with the fear, the grudges, the need for redemption, the suffering of millions of Souls, up to the billions of Souls, who have been burned, cremated and exterminated over their beliefs and their love for the Gods. We are fighting for something most valuable. Something that the conscience of no man who is unworthy can understand. We are fighting for them. Those who chose to die at the doors of their temples, than to give in and succumb to the jewish monstrosity. And inside us these people do exist. And those who even in their last moment, had one phrase to say: We will Return and Avenge. Everything is at stake, at this moment, right now, in front of you, but also before you.

As for the enemy. I know the chosen ones of Satan, they know not of fear. They know not of jewish "supremacy". The filthy seeds of the jews haven't found the ground to grow inside you, for in your Souls can only grow the Good, the Noble, The Highest. Do not be afraid of their anger and fury, for they are slaves. What does a slave know of rage and fury? They have known nothing, neither them, neither their loyal lapdogs. All they know is to obediently follow before the leash of their slave master: The Jew. What fury can such enslaved lowlifes muster? The fury of an angry, enslaved lapdog?

We have had enough talks and shows of supremacy. We have had enough dead lying on our feet, from all ages, countries and peoples. We have had enough tortured over the jewish hoaxes. We have had enough lies. We have had enough injustice. We have had enough of our Gods being defamed, slandered and lied. We have had enough of this setting of the good, the pure and the Great. We have had enough slavery. This world has had enough fear. We have all had enough...Everyone has had enough. Gentiles have had ENOUGH.

Some might want to ask, aren't we worried? Aren't we worried of anything? Why wage such a Spiritual War? Why risk everything? Why fight such a monstrosity?

The answers to these questions are fairly simple.

Because we prefer to die at the feet of God of Truth, Satan, than succumb and live thousands of lives at the feet of the jewish enemy. A million sacrifices for Satan, and then

another million. The answer is, because we serve the Highest Virtue, the Highest Being. We Serve the Incarnation of Truth.

With us, within us, but also amongst us, there march there most exalted of Souls, at this present time. Inside us and from within us march all the virtues of the world, whatever has made life worth living. In our actions there is pletted the hatred, the pain and the anguish of billions of suffering Souls who suffered under the jewish monstrosity. In our hands, wether we like it or not, rests the fate of the future and of our people. Satan and Fate has granted us a say in all of this. And what we say is this; We have had enough, we ought finish all this.

From all our Souls there forms one Common Will. One All Powerful and Immortal Soul. The Satanic Soul. In what we are, together, we are all One Will. One Eternal Power. One Virtue.

In our purpose, there is the highest purpose. In our hands, the most important of all missions. To preserve Freedom and Natural Order. To Shine knowledge where the jewish ignorance has took hold. To free the enslaved and heal the sick and bonded. To restore what has been brought to its own death. To bring the Final End and then, the Justified Rebirth. To revive the long setting Sun.

We, Satanists, Declare it: We have had enough.

"If Freedom is short of weapons, we must compensate with Willpower."

-Adolf Hitler
